

# TREASURY OF TITLES

Summer Books for

Elementary School Readers

## **METROPOLITAN NASHVILLE PUBLIC SCHOOLS SUMMER READS FOR GRADES K-4**

Reading is meant to bring pleasure, to develop one's mind, to extend one's knowledge and understanding, and to develop one's appreciation of a global culture. These award winning titles were selected to offer opportunities for students to continue their reading throughout the summer.

This booklet was designed to provide a treasury of books for elementary students. Books on many reading and interest levels, as well as, books that reflect our multi-cultural society, have been included. Books that are required reading at the elementary level were excluded from this list.

It is recommended that parents take an active interest in the selection of the books their child wants to read. Parents should encourage their child to read a variety of books, not just those by one author or subject. Children should be encouraged to read for pleasure as well as to extend the learning experience. Being involved in the book selection offers the parent an opportunity to assist his/her child in making appropriate selections and to share in the child's reading accomplishments.

***“Our children are the hope of the future.  
We need to nurture them carefully. If you  
teach your children to love to read, you  
are handing down a special kind of magic  
to them--a gift that will enrich their  
lives as nothing else can do.”***

***Bernice E. Cullinan, *Read To Me: Raising  
Kids Who Love To Read****
